On Thursday, September 26th 2013, the Government met extraordinarily, in the Council of Ministers conference room, at the Government Palace in Dili, and approved:

1. Tax Package

After review and discussion of the values of the percentage of budget execution versus Fiscal Envelope, the Council of Ministers approved the amount of fifteen hundred million U.S. dollars for the State Budget (OGE) for the financial year of 2014.

The Draft Law for the State Budget for the financial year of 2014 will be delivered to the National Parliament in the month of October, after approved by the Council of Ministers.

The Tax Package for next year was determined by taking into account four key factors: Strategic Development Plan (SDP) and the Government Programme, Budget Execution, Inflation, and Fiscal Sustainability.

2. Support to the victims of fires in Portugal

The Government donated USD \$ 1,000,000 (one million dollars) to Portugal to help the country cope with the damage caused by the numerous fires, especially in the districts of Porto, Braga and Viseu.

In the first half of September there were over three thousand fires across the country that destroyed more than 13,000 hectares, causing casualties and substantial damage, including houses. The average area burned and number of fires this year is higher than in the last ten years.
